(SUBJECT.)

Survey. Resurvey. Suits Kaval Encroachments. Backwaters net Site value. Appeals. Orders. Modification. Collectors refusal orders passed

Not to be filled in in the case of permanent records

G.W.Wells, Esquire, M.A., I.C.S.,
Collector of South Kanara.

To

The Secretary to the Board,
Land Revenue and Settlement, Madras.

Sir,

Survey - Resurvey - (South Kanara) - Encroachments - Back assessment and site value - Levy - Appeals.

Refce:- My letter Ref.No.3644-29-A.2 dated 22-4-1929.

Since the introduction of the resettlement operations in this district, a number of appeals against the orders of the Special Assistant Settlement Officer have been disposed of by my predecessors and myself agreeably to the rules prescribed on the subject. The series of recent Government orders regarding the levy of back assessment and site value seem to require -- either a cancellation of the appeal orders referred to above or a modification of them. I propose to get a complete list of such cases as require a modification or a cancellation and to pass a general order, instead of passing orders separately on individual cases to save unnecessary delay and labour. I solicit the favour of Board's instructions in the matter.

Your obedient servant,

for Collector.

RESOLUTION. Mis No. 1466, dated 25-5-1929.

With reference to the letter read above the attention of the Collector is invited to ~~the~~ Bdis Reg G. 4296-28-4 d 27.4.29 in which it ~~has been~~ was ordered that the amounts already collected in the shape of site value or back assessment should be refunded automatically. In view of the above orders the Board considers it unnecessary for the Collector to revise or cancel the orders already passed by him on appeal.

G. 1862-4.

To Asst Secy.

Please see the reference from the Collector of South Kanara.

2 The net result of the recent orders of Govt in regard to the treatment of encroachments revealed in the course of the Resurvey in the South Kanara Dt is that no site value or back assessment should be levied on any occupation of land at the disposal of Govt except river accretions and that the amounts already collected should be refunded. In the case of river accretions also they have ordered that no site value should be levied, but that back assessment up to 10 years may be charged on the net increase in holding after taking into account the gain and loss in extent caused by accretion and erosion. The Board has also ordered that the refunds may be made automatically by the Settlement officer without even written applications from the parties. Presumably, therefore, in all cases where site value or back assessment except in the cases mentioned above has been collected under the orders of the Settlement officer, irrespective of any orders that might have been passed by the Collr on

put up in alternative forms in circulation.

appeal. In these cases, the amounts already collected should be refunded. If so there will be no necessity for the Coll. to make a list of cases which is to be disposed of in appeal with a view either to cancel or modify the his orders.

The Collector may, perhaps be informed that in view of the recent orders of Govt that all site value, & back assessment already collected except in the case of new acquisitions should be refunded, if the question raised by him does not an
